

# Twiddle

Design Federico de Majo, 2006

Fatto a mano / Handmade

Vetro colorato in massa / Mass-colored glass

Un duplice decoro di fili e anelli di vetro bianco in pasta, derivata da un'antica lavorazione dei maestri vetrai veneziani, rivive nel bicchiere Twiddle, disponibile in sei varianti colore.

Prodotto in vetro colorato in massa, soffiato a bocca e lavorato a mano, lavabile in lavastoviglie a 60° C.

A double decoration of threads and rings in opaque, milk white glass - derived from an ancient workmanship of Venetian master glassmakers - lives again in the Twiddle collection of tumblers, available in six color variations.

Mass-colored, mouth-blown and handcrafted glass. Dishwasher-safe at 60° C.
